

**Institution Logo**

“Why was I  
prescribed this  
medication?”

**People remember  
less than half of what  
their doctors say**

**There is a lot to manage when  
it comes to your health.**

Invite the person you trust most  
to stay connected with your health  
by using Patient Portal.

## Patient Portal Proxy

Patient Portal makes it easy to review details about your medical visits. Patient Portal Proxy lets you share important information about your health with those you trust most.

**Your Patient Portal Proxy will be able to:**

View your medicines, vaccines, visit notes, and test results

Request appointments and prescription refills

Help you communicate with your health care team

Share portions of your chart with other doctors and hospitals

## Choose a Patient Portal Proxy

Health System patients age 18 and older can appoint any adult as a Patient Portal Proxy.

Pick someone you trust to help with your healthcare. Your Proxy can be a close friend, a family member, or someone who lives nearby.

You can appoint more than one Patient Portal Proxy. This is helpful if someone manages your health from far away.

**Who do you trust most with your healthcare?** Write their name here and talk with them about it.

My Patient Portal Proxy:

My Proxy's email address:

*Patient Portal is compliant with federal and state laws. Your health information is private and secure.*

# Set up your MyChart Proxy

It is easy to set up your MyChart Proxy.
